

Black Cats

The *Black Cats* are happy and playful. They like to line up in a row to make phonetic words.

The cats do not understand *Tricky Witch's* magic or how the *Silent Ghosts* can disappear. They are learning how to read simple words using their initial letter sounds.

They sleep in a giant cat basket in *Tricky Witch's* house. They are looked after by *Tricky Witch* and the ghosts. Everyone adores the Little Black Cats.
