

“I am lucky to visit many schools, but my day at Princess Frederica was very special indeed. From the moment I stepped inside the school, I was struck by the warmth and friendliness of everyone I met - children and staff alike. It was a wonderful day full of smiles and laughter. To see a school this enthused by reading and writing is a massive credit to all the staff and I wish you all the very best with the wonderful work you are doing. You are Simply the Best.” –

“I really enjoyed my visit to Princess Frederica School. As you can imagine, I visit LOTS of schools, and this is truly one of the nicest I have been to. The children were happy, polite and engaged, and I don’t think it was only because it was World Book Day and they were in fancy dress! I really admired the focus that was given to reading and literature, and the thoughtful Christian principles guiding the school seem to be very effective in creating a calm learning environment. You clearly don’t need a brand-new building to be a modern, achieving school.” - **Ross Welford**
